

INTRODUCING

WHAT IS LYNDA.COM?

Lynda.com is an online training video library with variety of courses within 12 categories: 3D & Animation, Audio & Music, Business, CAD, Design, Developer (programming), Education & Elearning, IT, Marketing, Photography, Video, and Web (design/development).

- Free for Woodridge Public Library cardholders.
- Available 24 hours a day, 7 days a week, 365 days of the year.
- Taught by recognized industry experts and teachers.
- New content is added weekly, sometimes daily.
- Appropriate for developing skills for professional *and* personal enrichment.
- Geared towards all levels of experience, from beginners to experts.
- Over 200,000 videos organized into more than **6,000** courses – watch an entire course or just the video that covers your topic or question.
- Learn at your own pace: play, pause, rewind, bookmark-it and come back later!

HOW TO ACCESS LYNDA.COM

1. Using your favorite web browser, go to the Library's website at **www.woodridgelibrary.org**. You *cannot* access the Library's subscription by directly visiting the Lynda.com website or by using the Lynda.com app!
2. Click the **ONLINE RESEARCH** button at the top of the home page.
3. Scroll down the page and click on Lynda.com .
4. Log in with your **Woodridge Public Library card number** and **Library Account PIN**. First-time user? You'll then be asked to enter your name and email address to complete your account profile.
5. To log out, click on the greeting (Hi, Yourname) in the upper right of any page and then select **Log out**.
6. Need help with using Lynda.com? At the bottom of any page, you'll find a link to **Support**.

BROWSE OR SEARCH THE LIBRARY

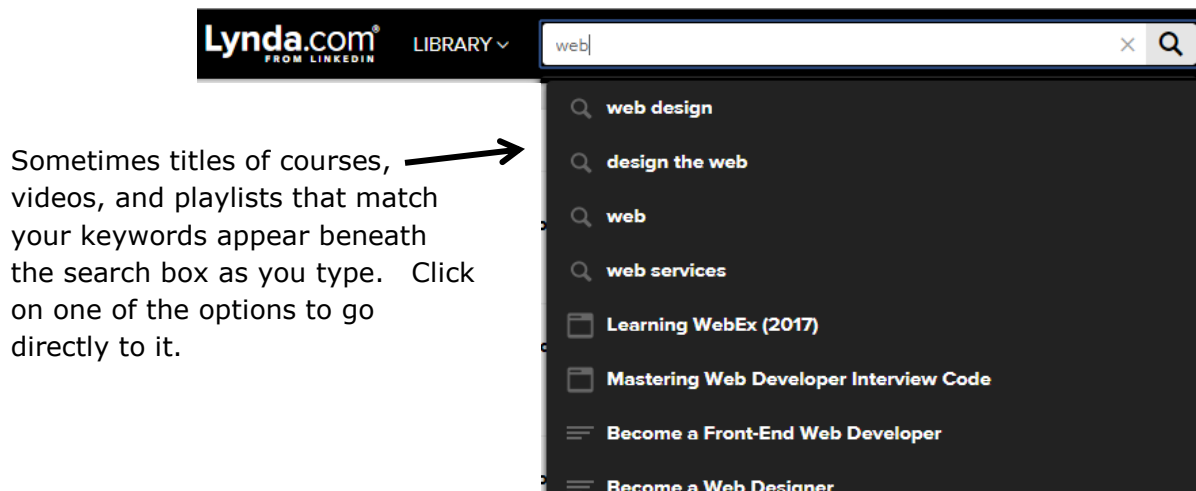

Browse the library

There are two ways to browse the Lynda.com library for content: (1) by **Category** – just *put the mouse-pointer on* LIBRARY to display a dropdown menu and (2) by an **A-Z index** of *all* subjects – just *click* on LIBRARY to display the list.

Search the library

Are you interested in a particular skill, a software program, or how to do something specific? At the top of each page on Lynda.com there is a search box that you can use to find keywords from the library's course material and headings. Simply type a few words or an exact phrase (use quotation marks around the phrase, i.e. "mail merge") that describe what you're looking for.

WATCH A COURSE

Layout + Add to Playlist Share

Take **notes!** Pause the video then type your notes. They're associated with the specific time in the video (timecode). You can export your notes in a variety of formats,

Search the course search the course's dialog, headings, and keyword for a specific topic.

Add the current video or entire course to a **Playlist** for viewing later. Your playlists are available from your Account (see page 4).

Contents lists the course's chapter titles and videos. Click on a chapter heading or a video title to jump directly to that point in the course.

Put the mouse-pointer on the video player to see the easy-to-use playback controls.

Click the **Bookmark** icon to bookmark a video. All of your bookmarks are accessible from your Account (see page 4).

Control the **playback speed**.

If a course has either downloadable or online **exercise files**, you can access them here.

A **transcript** is available for *most* courses soon after the course is released. The text will be highlighted in yellow as the video advances, making it easy for you to follow along. Click in the transcript to jump directly to that point in the video.

Overview **Transcript** View Offline Exercise Files FAQs

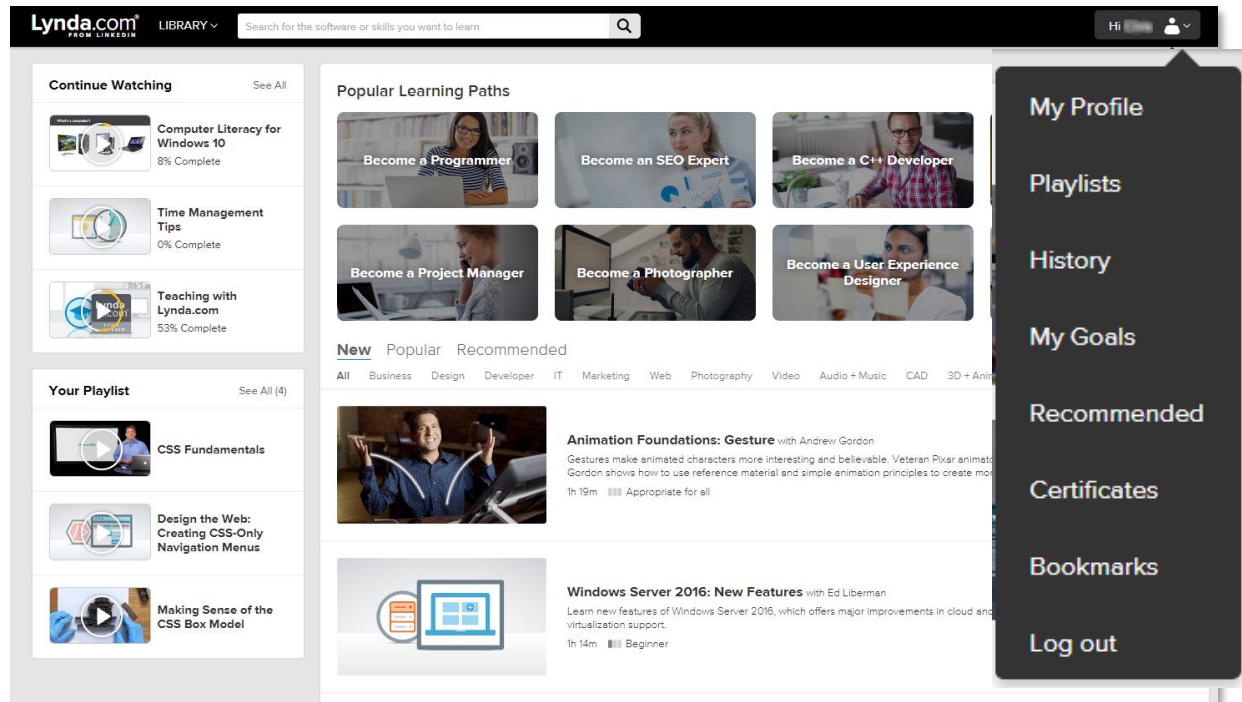

- Hi, I'm Mark Niemann-Ross and welcome to **Up and Running with Raspberry Pi**. The Raspberry Pi is a credit card sized micro-computer designed by the Raspberry Pi Foundation for experimentation and education. Raspberry Pi is nothing but needs, small physical size, small memory, everything about it is small. But, it's still just a computer. In this course, we'll explore how the Raspberry Pi micro computer works, and get a

Some courses have an option to **View Offline**. You'll need to download the Lynda.com desktop app from the Microsoft store or Apple App Store *first* (go to www.lynda.com/apps/desktop-app for instructions). Log in to the app with the library's web address:

Or, enter your organization's URL to log in through their portal:

PERSONALIZE YOUR LEARNING EXPERIENCE

Your Lynda.com account has several features to personalize your learning experience. After you log in, you'll see many of these features on your account home page. You can always return to your account home page by clicking on **Lynda.com** in the upper left of any page. To access *all* of your account features, click on the personalized account greeting in the upper right of any page.

- **My Profile:** Edit your account contact info, your interests, site setting preferences, and newsletter subscriptions and email.
- **Playlists:** A playlist is a list of courses and videos that you're interested in viewing. Your default playlist is called **My playlist**. You can create multiple playlists to organize items any way you want.
- **History:** Course history is a comprehensive list of your in-progress courses and your completed courses (**view certificate** appears at the right). Click on a course title to continue viewing or to repeat it.
- **My Goals:** Not sure where to begin? Let Lynda.com guide you to appropriate courses and Learning Paths based on your goals and personal interests.
- **Recommended:** Suggested courses that you may be interested in based upon courses viewed by Lynda.com users with interests similar to yours.
- **Certificates:** With each course you *finish viewing*, a certificate of completion will appear in your account that you can print, email, share via Facebook and Twitter, or post to your LinkedIn profile. *There is no testing mechanism — completion just means you sat through the course.*
- **Bookmarks:** A list of your saved bookmarks. Click on the video title for instant playback.
